

2022 SPRING COUNT FUNDRAISER

Make a pledge and help raise money for conservation. Sign up now for the Spring Bird Count and contribute to the total species count.

The Spring Count Fundraiser is based on the total number of bird species seen by our members on Saturday May 14, 2022. We typically find around 125-150 species. You may pledge "X" amount per bird species and your pledge will then be multiplied by the total number of species seen on that day. For example, if the Spring Bird Count is 130 species and you pledged 20 cents per species, your contribution would be \$26. Alternately, you can support the fundraiser by pledging a fixed amount.

Please consider using a "Matching Grant" from your employer if it is available to you. The pledge is tax deductible. Monies raised are used to support conservation initiatives and to fund environmental education through our *Audubon Adventures* - a classroom based curriculum that is used in our local schools – and free classes for both children and adults.
